A new hope!

Hello! My name is Ben Cook and I am the Rector of St Margaret's Church. We are a growing and lively evangelical Anglican Church.

The weather is changing, spring is on the way and with it comes new beginnings and fresh hope! It's the season when millions of Christians around the world celebrate Easter. The good news Easter brings is that every day can be a new beginning. The good news of Jesus' death and resurrection means that we can all experience forgiveness that can transform our lives. This Easter, forget what you think you know about this world-changing story, and find out what the story means for yourself!

Alpha Course

Curious about the Christian faith? Got questions about Jesus?

We are running the Alpha course at St Margaret's church in 2025 and we would love you to join us. Visit our website for more information.

Faith through life's highs and lows - Adrian's story

I have lived my life trying to prove I'm worthwhile, and trying to prove I have a purpose. This motivation has brought me to life's highest and lowest moments. Some of the highest moments for me have included working on various community projects: the Romanian Challenge Appeal, Whitnash Fun Day and Warwick District Remembers. Another high was representing my town as Mayor. The lowest has been letting those closest to me down.

I have always trusted my instincts in life - sometimes rather arrogantly, sometimes with total belief in myself. That sentence is so far from the truth! Actually, I have always trusted God to lead me in my personal and my community life. I have made mistakes and I will in the future, but I know that God will pick me up because I believe in him. St Margaret's Church has always been part of my life, but should you try it?

While you don't have to go to church to develop a relationship with Jesus, the Bible says that gathering together with other believers can be really beneficial for your spiritual growth. The congregation is supportive and it's jolly good fun!

'Father God I wonder how I managed to exist without the knowledge of your parenthood and your loving care.'

Celebrating and remembering with you

St Margaret's Church has been a trusted place to celebrate and mark the milestones of life in Whitnash for hundreds of years.

If you are planning a wedding and would like to hold your ceremony at St Margaret's, or if you would like your child to be baptised, it would be our privilege to celebrate with you.

If you are faced with organising a funeral, we have a fantastic team of people who will care for you and your family during one of the most difficult times in your life. See our website for more details on how to choose us to host you and your family.

Helping women thrive - St Margaret's Circle

St Margaret's Circle is a longstanding, thriving ladies fellowship group attached to St Margaret's Church. We aim to share the Christian message by our actions but without any pressure. We welcome ladies of any age, creed or colour.

We meet on the 1st Monday of most months at 7.30pm and offer a varied programme of speakers, some light-hearted, some serious but always entertaining and usually enjoyed by around 28 ladies each time.

We always have a summer outing in July - last year to Liverpool, another to a lavender farm. And, of course, we always have a Christmas party. We also support Women's World Day of Prayer in March.

Join us as member or a guest - you'll find a warm welcome! 1st Monday of most months at 7.30pm at St Margaret's Church. Contact Lynn Barber on 07837053182.

Church, community and carbs!

We've just celebrated our first birthday, which is super exciting! After working through Mark's Gospel, we are now exploring Creation, baptism, and the many surprising ways bread pops up in the Bible.

Connect continues to meet every Sunday and we are an intentionally accessible, intergenerational church where all ages worship, learn, and meet Jesus alongside one another. Services are relaxed, a little messy and full of joy.

There are breakout spaces for those who need a quieter moment, and we all share a hot meal at 5pm (food is provided). Come along if any of this sounds interesting - we'd love to meet you!
